

LLC's first original English-language devotional book, *God Is Love*, a collection of sermons and writings by Pastor Elmer Alajoki, was published in 1995.

Sermon recordings from Summer Services were published as cassettes from 1984–2000.

In 1992, *The Voice of Zion* changed to a tabloid format to provide more flexibility in layout and design along with additional space for photos and graphics.

*Three Songs and Hymns of Zion* supplements were published between 2000 and 2003. A music album, *Day is Shining Brightly*, was also produced to help listeners learn these new hymns.

*The Voice of Zion* format change removed the children's section and a separate children's paper, *The Shepherd's Voice*, was developed to bring the voice of the Good Shepherd in a style that is more appealing for children.
