

Sign up for Summer Services Work Shifts (mobile)

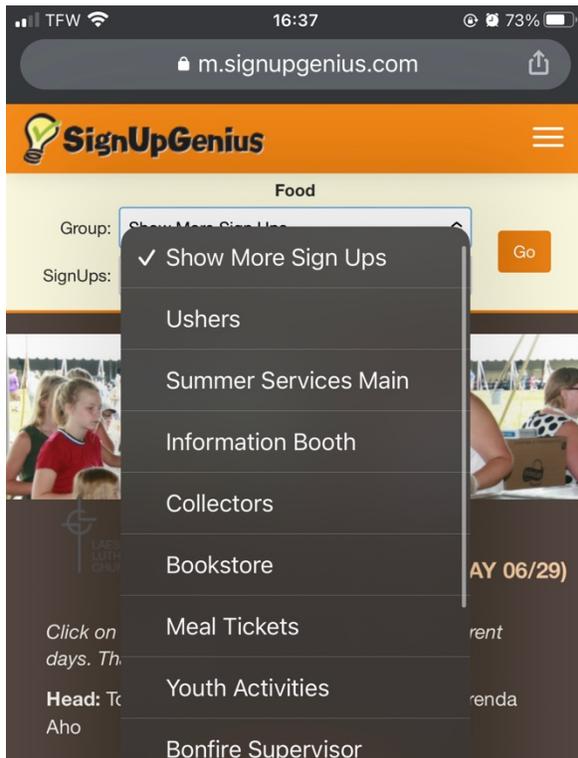

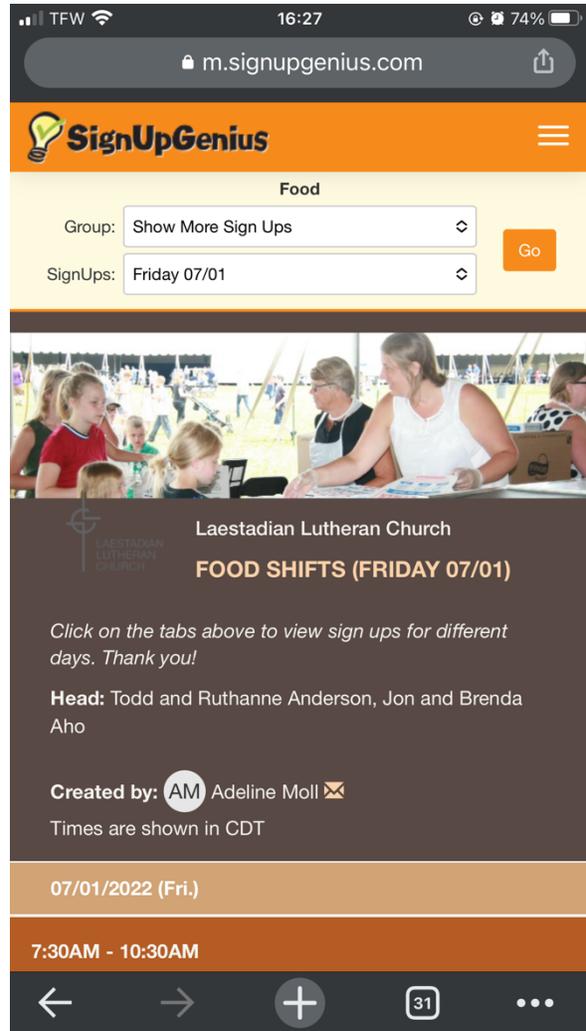

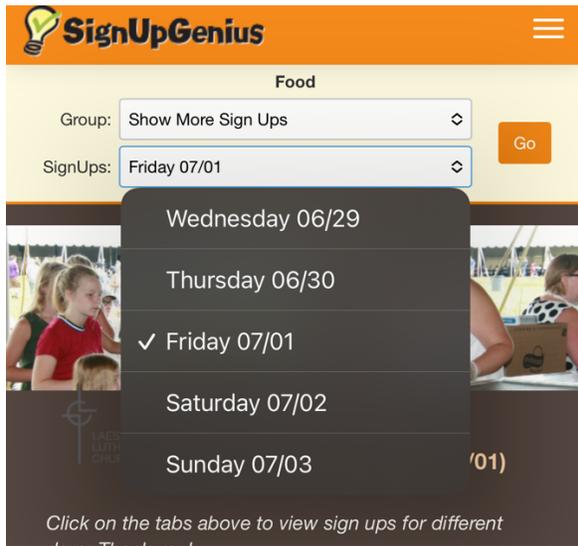

The LLC Summer Services would not be possible without the many volunteers who sign up for shifts. This summer there are over 1,700 shifts to be filled, and this doesn't count the many hours of work put in by heads and assistants for each area both in preparation to the services and during the service weekend. Thank you for your willingness to sign up for shifts to help make these services possible!

To sign up for a shift, go to llchurch.org/summer-services-work-shifts, or simply go the llchurch.org and navigate to the work shifts from the Summer Services informational page.

Select a category of shifts that you want to sign up for, and you will be brought to signupgenius.com, an online signup tool being utilized for all work shifts.

For some work areas, there is an option to toggle between service days at the top of the page. Click on "SignUps" and an option to change between days will show up.

Looking for a different work category? You can go back to the LLC website to click on another link or navigate to another signup from the "Groups" dropdown at the top.

When you scroll down, you will see the list of available shifts to be filled. Find a task you would like to sign up for, check "Sign Up". You can select multiple to sign up for more than one shift at a time. After selecting all shifts you want to sign up for, click "Submit and Sign Up" (you may need to scroll to the bottom of the page)
